

University of New Mexico-Taos

Associate of Applied Science in General Studies

The Associate of Applied Science in General Studies is designed for students who wish to study broadly across the curriculum or develop a program which is tailored to their own specific career goals. The program may combine both academic courses and technical courses. Most of the academic courses will be transferable to four-year institutions, including UNM Albuquerque and UNM Extended University's B.U.S. program. Students intending to seek a BA should consult an academic advisor regarding the use of technical courses (those with a suffix 'T'), however, since they may not transfer to UNM's and other four-year degree programs. **UNM-Taos reserves the right to make necessary changes as needed.**

NAME: _____

BANNER ID: _____

PROGRAM ENTRY DATE: _____ / _____

					SEM	YEAR
Fine Arts - 3 Credit Hours	Course	Trans/Sub	Subject	Grade	Hours	Sem
