### Area of Focus 6: Advanced Study for the Professional Practicing Artist

**18 credit hours**

This area of concentration supports career development of professional artists. It is an opportunity to learn new technical skills and develop new areas of study.

A portfolio review and a proposal of study are required for entry into this Area of Focus. The Chair of the Art Department and any additional tenured full time faculty will conduct portfolio reviews. Core requirements may be waived or adjusted based upon the results of the review. In any case the student must complete 30 credit hours of instruction to receive this certificate.

The Chair of the Art Department and any additional tenured full time faculty will review of any accepted students’ proposals of study. Upon approval of a course of study, a roadmap will be produced and approved in conjunction with the student and the primary department representative for their area of study. Areas of Study include: Painting, Printmaking, Ceramics, and Metals
