

STAR INTERVIEW METHOD

The **STAR** method prepares you to organize and focus so you can provide a great example and explain it clearly in the interview. This method will help you answer behavioral questions by telling a story with an outcome which will engage your listeners.

S ituation	Identify the situation or problem you solved or encountered.	
T ask	What was the specific task or targets? (who, what, when, where, what was required)	
A ction	Detail your specific action. What did you do? How did you do it?	
R esults	Explain the results. Quantify. (savings in budget or people power, contribution to the team or organization)	

Use **STAR** to tell your Story
