We would just like to send a big thank you to everyone who came to see the new Library/CASA space, and partake in the Love Your Library/20th Anniversary celebration. Once again, it was a community effort with students providing the entertainment and refreshments, Student Government donating the t-shirts and popcorn, WalMart and Albertson’s helping with supplies, and many staff participating to ensure everyone had a good time. If you were unable to join us on this special occasion please take a moment to come by to see how CASA and the Library are collaborating to make the best use of Pueblo Hall East, and get your own t-shirt commemorating YOUR college library’s 20 years of service.

The next event on the agenda is our annual recognition of Dia de los Niños/Dia de los Libros. This is a national event that hopes to point out the importance of literacy and diversity, books and reading. Dia is also celebrating its 20th anniversary this year and YOUR college library has been recognizing this important day for 9 years now. Over the years we have collaborated with various schools and organizations around the community, to support literacy through diverse programming. This year we’re excited to join in with Arroyos del Norte Elementary School. Look for the next issue to see how we bring YOUR college to the K-5 students.
