

University of New Mexico Taos Certificate in Woodworking

The Certificate in Woodworking is designed to give students the essential knowledge and basic skills that will enable them to be successful in their woodworking experience, whether as an employee, self-employed professional, a building contractor or hobbyist. Courses are designed to enhance both woodworking abilities and employability, with particular emphasis on safety in the work environment, attention to design and detail, accuracy and efficiency in the construction process, and quality in the finished product. **UNM-Taos reserves the right to make necessary changes as needed.** *Students should consult with an advisor prior to enrollment.*
