**University of New Mexico Taos
Associates of Arts in Liberal Arts**

The Associate of Arts in Liberal Arts is designed for students who intend to pursue Bachelor of Arts degrees in various fields. The Associate of Arts degree gives students a solid foundation and is a pathway into majors in the College of Arts and Sciences.

Upon completion of the degree, a student will have completed the general education Core Curriculum as required at UNM Albuquerque and many other four-year institutions in New Mexico. Students will also have satisfied most of the Arts and Sciences graduation requirements for UNM-Albuquerque programs.

UNM-Taos reserves the right to make changes as needed. Students should consult with an advisor prior to enrollment. Courses must be passed with a C or higher (no C-).

****Courses that meet Liberal Arts Areas of Focus requirements cannot count toward general education program requirements.**
