Catalog Year 2025-2026

## Medical Assistant Certificate

The Medical Assistant (M.A.) certificate program provides focused training to prepare individuals for entry-level positions in various healthcare settings, such as hospitals, clinics, and physicians' offices. The program emphasizes knowledge, clinical, administrative, and patient care skills, including hands-on experience and the opportunity to pursue national certifications. The certificate provides a foundation for future academic and career advancement. Certified Nursing Assistant (CNA) and Phlebotomy certificates are embedded within the M.A. certificate and can be used as stand-alone professional credentials.

**UNM-Taos reserves the right to make changes as needed.** *Students should consult with an advisor prior to enrollment. Courses must be passed with a C (no C-) or higher.*
