Safety Tips

We have instituted many programs at UNM-Taos to ensure your safety while on campus, but safety really begins with you. The following are some tips to help protect yourself from crime:

- If you go out for a late night snack or study break, go with a friend, not alone.
- Walk purposefully. Look confident. Watch where you are going. Be alert to your surroundings.
- Use well-lighted, well traveled routes. Avoid short-cuts through isolated areas.
- Lock all doors and close all windows when leaving your car, weather it is for a few minutes or for several hours.
- Have keys ready when you approach your car. Check the car for intruders before entering and lock your door immediately after getting into your car.
- Always lock your bike or motorcycle when leaving it unattended, even if it is only for a few minutes. Use a U-shape high security lock whenever possible.
- If you witness a crime call 911 immediately.
- List only first initials and last name in telephone directories.
- Hang up immediately on obscene telephone calls.
- Don't keep large sums of money in your office or study area.
- Lock doors and windows even if you are going out for a minute.
- If you are a victim of a crime or become aware of any suspicious circumstances, call 911 immediately.
